Thursday 27<sup>th</sup> June 2019

Dear Parents/Carers

As I am sure that you are aware, our playground surfaces and paths are in a terrible condition and in desperate need of resurfacing/replacing.

It is therefore with great pleasure and relief that I can inform you, as a Local Authority (LA) school, Peterborough City Council (PCC) have confirmed that they will go ahead with this much needed project. This will be fully funded by PCC and thank fully will not have any impact on our school budget.

As part of this project, the drainage on school site will also be improved along with the pathways and play surfaces resurfaced or replaced.

The works should not affect our children as the bulk of the work is scheduled to be carried out over the summer break, with any other areas addressed over the October half term.

Please may I take this opportunity to thank you for your patience on this matter – one that has been frustrating for all involved. We look forward to seeing the outcomes of the work, which I am sure will much improve the facilities and appearance of our school site.

As we move forward into the next academic year we will look at fundraising with the raised money going towards the investment of playground markings which will be both fun and educational for the children. Children will have an input into the style, selection and feel of the markings.

In September we will share with our community the events and how parents/carers can become involved in supporting school.

Yours sincerely

Mrs D Reynolds  
Head Teacher
