October 2019

Dear Parent/Carer,

As you are fully aware, Year 6 is the final year of your child's primary education and during this important year, we are preparing the children for SATs that will be taken in May 2020, in the following 3 areas: Maths, Reading and GPS, (Grammar, Punctuation and Spelling).

In previous years, the school has provided books for parents/carers to purchase, at a discounted price. The 'Rising Stars' *Practice Questions* books and *Revision Guide* books for **Reading, GPS** and **Maths**. These are available in The Expected Standard range and The Higher Score range. (Please check with the class teacher if you are unsure which books to purchase for your child). Rising Stars have also introduced a book of practice papers as well. In the past, these books have been very successful for pupils in Year 6.

These books are in line with the curriculum, assessments procedures, and expectation for this Year 6 cohort of children. I recommend to parents/carers that there are many revision aids on the internet and any work completed will be beneficial as a "top up".

I believe these books will serve as both an excellent revision aid for your child and you, as parents/carers, will also, have a clearer understanding of the requirements for children to achieve the appropriate level.

If the whole set of Practice Questions, Revision Guides and Practice Papers are purchased together, we can receive a discounted price of £7.50 per set. To purchase an individual book the cost will be £5.99 per book. If you are interested in purchasing any of these books, please complete the attached slip and pay on ParentPay as soon as possible. Deadline for orders will be 18/10/2019.

The school have purchased a small amount of stock to sell on to parent/carers. Once this has been sold, we will then order on demand, once all orders have been received by the deadline.

Books will be available for viewing before or after school, at the school office between 8.30am and 4.30pm or online at <https://www.whsmith.co.uk/search?q=achieve%20sats>

Thank you for your continued support and I am confident that with parents/carers and the school both working together in partnership, all children will achieve their full potential.

Yours sincerely

Mr Reynolds
Year 6 Teacher
