# WHAT YOU CAN CLAIM

## SUPER SPORTS CAMP

Norwich City FC Regional Development Programme provides hundreds of children with top-quality football and sports experiences in the school holidays every year.

We have Super Sports Camps running at venues across Cambridgeshire, whether participants are general sports fans, new to football or already a budding Canaries superstar, the programme has been put together to provide a fun holiday activity.

## PLAYER TECHNICAL CENTRE

Norwich City FC RDP Player Technical Centres (PTCs) are open to all players who want to learn and develop new skills and techniques to enhance their development. They offer weekly coaching sessions for children aged 7 to 12, who love to play football regularly.

## MATCH NIGHTS

Match Nights are weekly match play sessions for children aged five to twelve on various evenings across Cambridgeshire, Suffolk & Peterborough. The small-sided matches are run and refereed by our qualified coaches, who will offer advice, set fun challenges and help develop key skills each week to maximise development and enjoyment.

## MINI KICKERS / SPORTY TOTS

Mini Kickers & Sporty Tots cater for children ages 2-6 years and provide a fun story-based introduction into sport and football. Children will take part in basic technical practises and fun games.
