Aim High

Never Give Up

Follow Your Dream

Lead By Example

02/07/2020

Dear Parents/Carers

We have spent time giving careful consideration to next academic year and the staffing structure. The children, as always, were at the forefront of our thoughts, with consideration given to transitions arrangements, familiar adults and environments. We have ensured that provision will allow for all of the children's needs to be met and we have built the structure around the potential that the bubble principle may apply to whole classes from September.

The structure, were ever possible has

- Adults staying within their class/bubble
- RWI (our phonics programme) trained adult in each class
- A First Aider in each class – with the admin team supporting where this is not possible
- A known adult following the children up wherever possible
- New staff working with experienced adults

	Teacher	Teaching Assistant/s	Classroom
Reception	Mrs Hainsworth	Mrs Woods plus one new member of staff	Current Reception classroom
Year 1	Miss Khina (new member of staff for Sept 2020)	Miss Greenwood and Mr Mills	Current Year 1 classroom
Year 2	Mrs Burnham and Mrs Richardson	Mrs Fenwick plus one new member of staff	Current Year 2 classroom
Year 3	Miss Johnson	Mrs Gill	Current Year 4 classroom
Year 4	Mr Thompson	Mrs Sprouse	Current Year 3 classroom
Year 5	Mr Reynolds	Mrs McFarland and Mrs Thornburn	Current Year 6 classroom
Year 6	Miss Hodgkins	Mrs Frost and Mrs Brittan	Current Year 5 classroom

You will note that the allocated classrooms are different to previous years. This is to avoid staff having to move into new rooms and removes the need to transfer resources and furniture. This reduces the possibility of transmitting Covid-19 and the requirement for additional cleaning and quarantining of resources/furniture.

We are preparing ways for your child to see their teacher and additional adults prior to the end of term, and hope that through careful consideration of staff and classroom allocation, this will reduce anxiety and help your child to feel at ease about their return to school.

Yours sincerely,

Mrs D. Reynolds
Headteacher
