Dear Parents/Carers

Welcome back to the final half term of this academic year. The children have settled well back into their routine of this academic year and, due to the sun finally shining, are benefitting from being able to do more learning outside of the classroom. Please can we remind parents/carers to ensure that their children apply 24-hour sun lotion before coming to school and ensure that fresh and clean water bottles along with sun hats are in school daily.

We continue to work closely with the Local Authority regarding our roadmap exit strategy and we are currently required to fully comply with the established risk assessment until advised otherwise – therefore current arrangements will remain in place for the safety of our community.

We are planning for a return to the more historical 'normal' timetable in September with a school start time of 9am and finish of 3.15pm for all school days.

A reminder that if your child develops any of the symptoms of Covid-19, they **cannot** attend school until they have a negative PCR test or self-isolated with their entire household for 10 days.

Guidance states that **children under the age of 11 should not use the Lateral Flow Tests and displaying any of the following symptoms requires a PCR test.**

- a high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- a loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

Again – thank you for your support and understanding in these very different times.

Your sincerely

Mrs D Reynolds  
Head Teacher
