Dear Parents/Carers

We have had a wonderful first couple of weeks back at school. It has been so good to get to see all of our children, have a face to face catch up with them and find out about their summer – something that previous restrictions did not allow! It has also been fabulous to meet and welcome all of our new Reception children and I look forward to working with them and their families during their time at Norwood.

The weather has mostly been kind to us and this has enabled our children to use the new facilities that have recently been installed at school. The playground markings have gone down a storm and the children have been using these creatively since before the summer holidays – listening to children creating their own games and rules is a heart-warming experience for us all.

The start of term saw the installation to the outdoor gym equipment and it has been positively received by the children across school. Whilst the children have been taught how to use the equipment as designed, children have a natural ability to be way more creative than adults and they have found very versatile uses for each of the stations.

We have been in a privileged position to enhance our school grounds with these two initiatives by using contributions from fund raising events within school, and portions of both our sports premium and pupil premium allocations. Thank you to all of the families that over the last couple of academic years have contributed to our fund raising efforts.

Yours sincerely

Mrs D Reynolds
