

My Maths - Accessing Work

Work will be set by your teacher – here is how you find it!

Go to the My Maths website : <https://www.mymaths.co.uk/primary.html>

First you will need the school login

User name: norwoodps Password: seven

Then on the right of the screen your portal login and password which your teacher has shared with you

This will land you on your home screen. From here click the blue 'Homework' tab.

This will land you on the 'Homework' page. Here you will see all the work your teacher has set. Click on the lesson you wish to do.

Click on 'Try the Lesson.' Follow the instructions.

This will open a new tab for the lesson you have chosen.

Click on the 1 - this will start the lesson.
Click on 'Next' to move the lesson forward. At the end of the page click '2' for the next part of the lesson.

Some pages have practice tasks – complete these as you go and click on 'Mark it,' to see if you are correct before moving on. Close the tab (not the window!)

Now try the Homework – the pages of questions are on the left and you can click 'Mark it' at the end of each page. Post to Seesaw – My Maths completed!
