

Aim High

Never Give Up

Follow Your Dream

Lead By Example

Tuesday 15th March 2022

Dear Parents/Carers,

We have been notified of a new additional confirmed case of Covid-19 in your child's Year 1 cohort. Although close contacts are no longer required to isolate or test, I am writing to request that you are vigilant for Covid-19 symptoms with your child for the next 5 days.

If your child develops any of the following symptoms, we would ask that you arrange a test by visiting <https://www.nhs.uk/ask-for-a-coronavirus-test> or by phoning 119.

- A high temperature – this means feeling hot to touch on the chest or back
- A new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours
- A loss or change to their sense of smell or taste

If the child has been PCR tested because they were showing symptoms and the test has come back negative, they can return to school provided they are well.

If they still feel unwell after a negative test they should stay at home until they feel better. If the child has been sick, has had a high temperature or diarrhoea, they must not return to the setting for at least 48 hours after symptoms last showed.

Thank you once again for all you are doing to keep our setting safe.

Yours sincerely

Mrs D Reynolds
Head Teacher
