18/03/2022

Dear Parents/ Carers,

As part of the Department for Education's (DfE) education recovery plan the Secretary of State for Education is providing financial assistance to schools in the form of a grant called School-Led Tutoring.

School-Led Tutoring is a tutoring route in the academic year 2021/22 to help support catch up for lost education due to the COVID 19 pandemic. Schools receive the money across the academic year to provide tutoring for pupils that we feel would benefit from the extra intervention and support. By using the gap analysis data gathered by the teachers we have identified a groups of children that we believe would benefit from extra intervention during the Summer Term.

Your child has been identified as a child that would benefit from this programme and therefore School-led tutoring will take place across the summer term. Sessions will be delivered within school hours and in small groups, this will support in getting the best from the children. Scheduling will ensure that the tutoring session do not impact on your child's engagement with the core subjects being delivered in class time (English and Maths).

We ask that parents/carers support their children and the work of the school by requesting that their children reads regularly at home, completes home learning and access their online learning platforms such as Bedrock and Timetables Rockstars.

If you have any questions, please contact the school office on 01733 574717 or via [admin@norwoodschool.co.uk](mailto:admin@norwoodschool.co.uk)

Yours sincerely

Mrs D Reynolds  
Head Teacher
