

Get excited...

Science Professors is Coming to Your School!

Who We Are

The Science Professors team provides schools with exciting visits that inspire a love for science in young learners by making scientific concepts accessible, engaging, and fun. During our visits, students participate in interactive workshops that spark curiosity and foster critical thinking. We aim to inspire a love for STEM, instil a sense of accomplishment, and create memories that will fuel their future academic pursuits.

3 Key Benefits of Our Visits

1) Stimulate Scientific Exploration

We empower students to explore, ask questions, and make discoveries.

2) Promote Interactive Learning

We engage learners in an active process of understanding scientific concepts.

3) Nurture Future Innovators

We spark curiosity and intrigue in the scientists and innovative thinkers of tomorrow.

Post-visit Resources

We're thrilled to announce that we've partnered with the award-winning children's science publisher *Whizz Pop Bang*, and we would like to invite you to receive **free post-visit resources and information** so that you can help your child continue and thrive on their learning journey.

To receive your free post-visit resources, simply click here to sign up for [Home Resources](#) or via www.spark2.org/home-resources.
