Friday 19<sup>th</sup> April 2024

Dear Parents/Carers,

British Gas have partnered with Team GB and Paralympics GB for the Get Set Sustainability competition. To enter the competition, children must design a school that is sustainable and accessible to all. The children were introduced to this competition in Thursday's assembly and here are some ideas they could include:

- A green roof
- Large windows that let in lots of natural light
- Sustainable smart technology
- Renewable sources of energy
- Wide gates and doors
- Ramps
- Technology to help all children learn

Each year group's teacher will decide if children will complete this at school or if the entry sheet will be sent home. A winner from each year group will be chosen by Norwood Eco-Warriors and these entries will be entered into the nationwide competition. Winning schools will receive prizes and additional funding.

Please upload your entries to ClassDojo or hand them to your child's class teacher, with a deadline of Wednesday 1<sup>st</sup> May 2024. If you have any questions, please see your child's class teacher.

Kind regards

Mr Thompson  
Assistant Head Teacher

Mrs Reynolds
