About Me

My name is Diane and I am a **Registered Childminder** who is regularly inspected by **OFSTED**. My last inspection was October 2013 and can be found on the Ofsted website. I have a **paediatric first aid** certificate and the necessary **public liability insurance**. I also have membership with the UK's leading childcare insurance specialist, **Morton Michel**. I am constantly attending training to improve my knowledge and skill set.

During your child's time at Rainbow Toddlers Childminding, you will be able to see your child's progress and development recorded **on Baby's Days** and in their **personal journal** which will contain all their art work. A **daily diary** will be completed for your child via Baby's Days and you will have full access to comment and view all information on this software from their daily diary to their development and observations including next steps etc. This software is completely secure and provides for full parent interaction.

I have chosen to use **Baby's Days** as it was designed and developed to free me from paperwork allowing me more time to be with the children and play.

Remembering that **play** is at the heart of the EYFS, children need to play in order to have fun and in order to begin to understand the world around them.

Learning and Development

Young children learn from having **fun**, playing with their friends and **engaging** in lots of **interesting activities** and **real life experiences**.

All of these opportunities are offered at Rainbow Toddlers Childminding through the delivery of the Early Years Foundation Stage (**EYFS**) which is a statutory framework .

Fees (payable in advance)

Fees are inclusive of all snacks, most entrance fees and all resources.
