Science, Technology, Engineering and Maths Event

A team from Year 6 were invited to an event at ARU (Anglia Ruskin University) who hosted 8 schools over the course of the day. These schools were grouped into 2 sets of 4 schools each, and had to compete in all activities against each of the schools in their group. The focus of the day was to challenge the children in the areas of Science, Technology, Engineering and Maths.

They all had a brilliant day and finished overall in 2nd place for their grouping. Norwood also managed to build the highest tower of the day by using only spaghetti and marshmallows. **Well Done Norwood.**
