

Annual School Travel Survey

Happy New Year!

As we start 2026, we need your help to make Peterborough a healthier and more sustainable city.

Peterborough City Council is launching an annual School Travel Survey to understand how pupils currently travel to school. This data is critical – it will directly influence future active travel projects, help us secure funding for schools, and improve infrastructure to make walking, cycling, and sustainable travel easier and safer.

There are two quick surveys:

Pupil Survey – a simple hands-up check during registration.

Survey link - <https://forms.office.com/e/4Qt1T8K9Ua>

Parent Survey – to be shared with families.

Survey link - <https://forms.office.com/e/UFkgjEgjRZ>

Why is this important?

- The more responses we receive, the stronger the case for investment in your school and community.
- Your input helps us design projects that truly meet your needs.
- It's an opportunity to bring more resources and support for active travel to your school.

Every response counts – your school can make a real difference.

Thank you for supporting this important initiative and helping us create safer, healthier journeys for our children.
