

Dear Parents/Carers,

We have come to the end of our first term together. I have really enjoyed the first term and I look forward to beginning our second term together, please remember to come to the door for a chat about your child or arrange a meeting via the office. Please find below the overview for our new topic 'Indian Spices' and all of the exciting things we have planned.

History and Geography

- Children will use a range of geographical skills to help them investigate the environments in India and consider how animals and communities adapt to these environments.
- Pupils will select and use appropriate ways of presenting information to help them investigate places and environments.
- Children will make comparisons between their own locality and that of a non-European country.
- Children will describe the physical and human characteristics of an area by referring to regions, countries and continents and consider how similarities and differences in environments affect the lives of people who live there.

Art

- Children will use symmetry to create traditional Rangoli Patterns.
- Pupils will use line and shadow to create accurate drawings.
- Children will develop their own ideas and use a range of materials.
- Pupils will design, amend and evaluate their own ideas and products.

PE

- Children will learn simple traditional dance moves from another culture.
- Children will learn the rules of cricket and apply them in the context of a team game.

Indian Spice

Computing

- Children will be detectives in computing this term and will learn new skills about using a computer correctly and safely.

D & T

- Children will research the traditional foods from India.
- Children will have the opportunity to taste Indian food
- Children will plan and make their own Indian food together

SMSC

- Children will be taught to understand and celebrate differences between cultures

RE

- Children will be learning about other religions from around the world.
